

STOP4TH BRAAI

South African Registered Design No. F2024/00761.

PRODUCT DESCRIPTION HOW TO USE IT

<u>What you Buy:</u> 	STAINLESS STEEL. 2 x Braai stand frames (475 X 455 X 35 mm, 4.7 Kg) with removable stands foot piece's and screws to allow flat storage and easy handling in a bag. Easy to use on any flat surface, boma and compatible to be used on any braai stand fixture. Hinges slide out to top or bottom. Folding grids not included. Screws only be hand tide. 1 Year warranty.
<u>Braai Method 1:</u> 	Remove the stands foot pieces and keeping the bolts in the bottom nuts of the stands. The vertical V folding braai stand can be used for braai with the braai grid on different levels. A Second braai grid can also be placed on higher part of stand to simultaneously keep the food warm.
<u>Braai Method 2:</u> 	Hinges slide out to one side. Install the stand food pieces, with the side nuts facing the outside. Horizontal placing of braai grid for braai, also allows for the using of kettles, pans and pots. Ideal for preparing breakfast, food and hot drinks.
<u>Braai Method 3</u> 	Bolts to be change to the side to support the braai grids. Vertical braai for small or large quantities with a bonfire. Use 1 or 2 even more angle braai stands next to the fire. Fat doesn't drip in the fire. Better and less control, not burning any meat because the heat is from the side and not at the bottom.
<u>Braai Method 4:</u> 	Angle braai stands allows for horizontal braai on different levels. Prepared food could be kept warm by placing it on upper level while braai at a lower position simultaneously.
